PROFESSIONAL EXPERIENCE

2017

HYPER ISLAND

Human-centered design projects with modules focusing on design thinking, user experience research, and digital technologies

Clients: BBC, Pentland Brands, LateRooms, and the NHS

Industry-led by IDEO, Common Good, Plot London, and Snook

2015-2016

Fullstack Developer • OwnLocal

Designed and programmed interactive UI elements for the customer service team to engage with on the front-end, while also implementing the back-end application logic.

2012-2014

Freelance Writer

Interviewed and wrote features for lifestyle magazines, while visually designing editorial content and reviewing submissions.
